Quality Cantilever Systems...

Made From Strong, Durable Components

Unit Welded Frame

16 gauge welded steel construction, eliminates need for sway braces and starter/adder components. Each frame accommodates single or double face configuration.

Strong 18 Gauge Shelves

Triple bends on front and back edge prevent sagging. The Wilsonstak shelf surpasses all American Library Association strength and durability standards.

Wrap Around Base Bracket

Single face or double face, the Wilsonstak base bracket offers greater stability because the wrap around design becomes part of the frame. One piece base shelf ensures stable, free-standing installations.

Wilsonstak® is the industry standard for superior design, strength and flexibility. Units join frame-to-frame to form runs, ranges or bays with each frame accommodating single or double face configurations.

Display and Media

Display current issues on hinged periodical shelves, with back issues stored conveniently under display shelf. Optional plexiglass covers are available to protect display materials.

Whether its configured book display units, sloped or divider shelf units, or units with universal display/media shelves and zigzag paperback shelves, Wilsonstak® has the right display and storage solutions for any library.

Periodicals

From Children's and Youth Areas

Bright and cheery end panels and tops tailor standard Wilsonstak® adjustable shelf units to children's area, while divider-type Wilsonstak units keep picture books organized and within easy reach.

To School Libraries

Wilsonstak welded steel frames and cantilever construction provides an economical and durable alternative to wood shelving systems.

Special Items Make The Library Work For You

Universal Media Shelf

9" deep shelf with 5" high back when mounted in "flat" position. Or a 5" deep shelf with a 9" high back when mounted in "sloped" position. Includes five dividers.

Single Tier Sloped Media Shelf

For VHS, Beta, compact disc and paperbacks. Holds 30 video tapes or 80 CD's.

Paperback Zig-Zag Shelf

Great way to display paperback books or other media within the stack.

Sliding

Attaches to underside of any adjustable shelf to give work surface area when needed.

Storage Shelf

Use with fixed periodical shelves or where unique storage requirements call for a flat continuous surface when no end brackets are desired.

Sloped Display Base

Allows easy viewing of the bottom shelf.

Free-Standing Book Supports

Sliding Dividers on Integral Backstop Shelves

Adjustable Dividers on Slotted Shelves

Underwire Shelf Book Support

Card Holders for 3" x 5" Cards

Canopy Top

Finish Information

Borroughs powder coat finishes are high quality, durable and inert. Library products are available in a wide variety of standard and custom colors. For specific color policies, please refer to Borroughs Powder Coat Color Guide or contact Customer Service.

The colors depicted on this publication have been reproduced using a printing process and are only provided as a guide. The actual painted product may vary. All colors are not available on all products. Please contact your Borroughs Dealer for details.

Why Borroughs?

Borroughs Wilsonstak® Library Shelving units are designed for the efficient storage and display of library collections. We can provide complete storage solutions from archival and multi-media, to general collection bookstacks and multi-tier structures. Borroughs products are manufactured to the highest quality standards in the industry.

Our products are in use in public and private libraries in all 50 states and in many countries around the world. Borroughs nationwide group of library equipment specialists can assist you in all phases of library bookstack planning. For assistance with floor plan layouts, engineering data, production information and budget pricing, please contact us for the name of our representative in your area
