FASTRAK WORKBENCHES

The FastRak workbench utilizes the same heavy-duty components as our popular FastRak bulk shelving. Extremely rugged, supporting 1800 lbs. on a 72" wide unit. Worksurface is approximately 36" high. Easy to assemble: Heavy-duty step beams lock into one-piece, units feature a newly designed heavier duty upright that can be "knocked down" for easier shipment as well as having the advantage of component replacement. Thick 3/4" particle board fits inside step beams and is supported by steel supports to provide an exceptionally strong worksurface. Great for heavy-duty applications including workshops, shipping/receiving and assembly lines. Workbench is available with or without lower shelf. Foot plates optional.
