

Military & Law Enforcement Storage Solutions

Our History

For over sixty years Aurora® has been supplying custom storage solutions for police, sheriff, and justice departments; correctional facilities; the US military and government; and private security companies who want versatile, sturdy, and secure storage that stands up to rigorous use.

Aurora Storage Products

We understand the need for proven storage products to support the unique requirements for law enforcement and armed service operations.

Aurora invented and patented the Quik-Lok® system of shelving which eliminates bolts, sway braces and protruding hardware. The Quik-Lok® design is the foundation for our line of Shelving and Mobile products used for high density storage. We also introduced and patented the Times-2™ Rotary Cabinet, a double-sided locking storage system used by hundreds of military and government agencies.

Eco-Friendly Products

We're proud members of the US Green Building Council and have a strong commitment to the environment.

Our storage products can help achieve LEED certification. They contain 36% recycled content and are finished with an exceptionally durable, non-VOC powder coat completely harmless to users and the environment.

County Court and Sheriff Department

Aurora Weapons Storage Accessories

Flexibility and security are the key to professional weapons systems whether housing firearms for Police or Sheriff Departments, Evidence Rooms, or Military Arsenals and Armories.

A well planned storage system handles multiple styles of firearms and ammunition, optimizes space, and provides solid security.

Times-2

Weapons Storage Accessories system installed in Times-2.

This dual sided rotating cabinet stores up to 40 rifles or 198 handguns in no more than 12 square feet of floor space.

Versatile, Interchangeable Components

Aurora Weapons Storage Accessories are modular, interchangeable, and feature:

- Separate stock and barrel holders for long guns
- Sloped stock shelves
- Handgun brackets with and without clip compartments
- Brackets for mounting weapons and optics horizontally
- Steel boxes for ammunition
- Plastic totes brackets for general storage

Multiple Storage Solutions

All Weapons Accessories are designed to mount in Aurora Storage Systems including Times-2 Rotary Cabinets, Aurora Shelving, and Aurora Mobile Carriage Systems for high density weapons storage.

When combined with shelves, drawers, and security doors these Weapons Accessories create a storage system that's the ultimate in versatility.

Aurora Mobile

Aurora Shelving Cabinet

Weapons Storage Accessories mount in free standing Aurora Shelving or Mobile Shelving to create a space efficient high density weapons storage system.

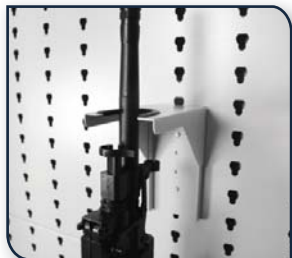

From shotguns to handguns. . . Aurora Weapons Accessories store them all.

Revolvers and Pistols	Standard, Compact & Subcompact Sizes	M9, M11, MEU(SOC) Mk 23, Mk 24
Automatic and Semi-Automatic Rifles	Tactical, Carbine & Sniper Standard or Collapsible Stocks	M4, M16, M24, M110, M40A1 Sniper
Standard and Tactical Shotguns	Standard gauge ammunition, single barrel, short barrel 'riot', pump and semiautomatic, automatic	M26, M590, M870, M1014, Benelli M3,
Sub-Machine Guns	Pistol caliber weapons for close quarters engagement	MP5
Grenade Launchers & Attachable Weapons	Storage of attachable weapons when separated from rifle	M320 & M203 Grenade Launchers
Crew Served Weapons	Infantry Squad Automatic Weapons	M249 SAW

Aurora Weapons Storage Accessories were created to store almost any size rifle, shotgun, machine gun, or handgun in addition to clips, bulk ammunition, scopes, optics, binoculars, night vision goggles, helmets, and ancillary gear.

Storage for Rifles & Long Guns

Barrel Holder

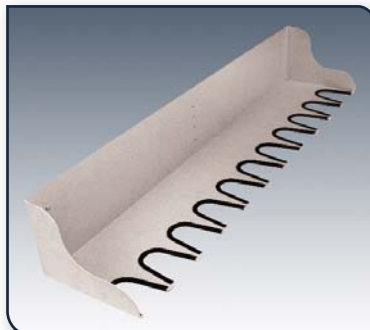

5-1/2" or 7" Depths

Holds a single barrel or multiple long gun barrels in the following weapons capacities: 1, 4, 5, 6, 7, 8, 10, or 11. Used along with Stock Saddle.

Stock Saddle

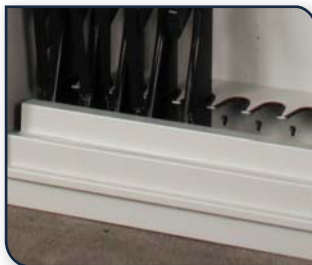

Holds a single stock or multiple long gun stocks in the following weapons capacities: 1, 4, 5, 6, 7, 8, 10, or 11. Used with Barrel Holder to the left.

Sloped Bottom Shelf

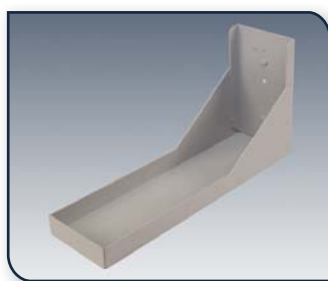

Sloped Bottom Shelf Stop

The Sloped Shelf and Stop are used below the Stock Saddle to hold weapon stocks. Shelf Stop can be placed in variable positions to accommodate different style weapons.

Stock Sloped Shelf for Larger Weapons

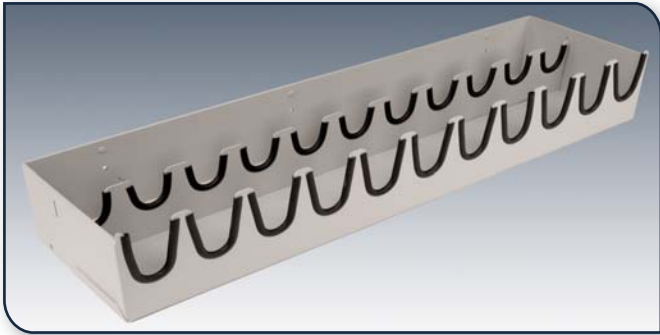

11" D x 6" H

Fits stocks of all types of larger weapons and is used along with Barrel Holder. Holds a single weapon stock or multiple weapons in the following capacities: 1, 4, 5, 6, 7, 8, 10, or 11.

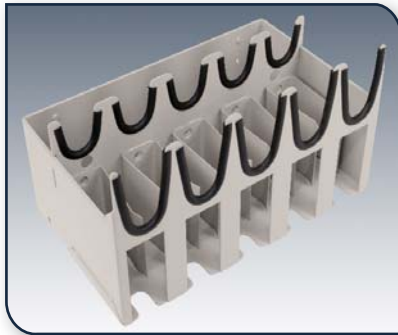

Storage for Handguns

Handgun Bracket

Handgun Bracket

Handgun Bracket with Clip Compartment

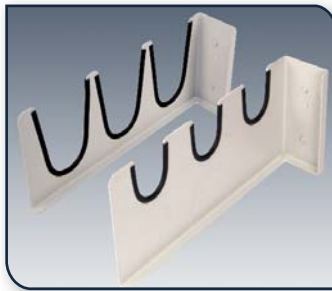

Handgun Bracket holds a single handgun or banks of handguns in the following weapons capacities: 1, 5, 6, 7, 8, 9, or 11. Available with compartment to store clips in the same configurations.

Special Weapons & Optics Storage

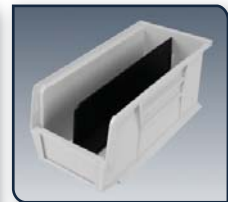

Horizontal Bracket

Brackets hold two or three weapons or optics horizontally.

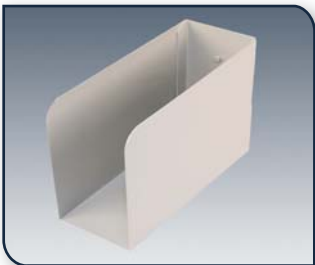

Plastic Tote Bracket & Clip

Mount tote to Back Panel with the Plastic Tote Bracket and Clip.

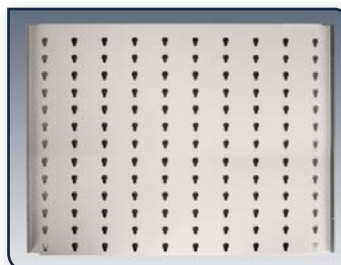

Steel Storage Box

Store ammunition, optics, or other small items in these steel boxes that are 3" or 6" wide.

Weapons Back Panel

Back Panels come in a variety of heights and widths and fit in Aurora Shelving, Mobile or Times-2 to make a highly customizable weapons system. The patented design uses keyhole slots to accept brackets and accessories.

Police Department

Military Arsenal

Law Enforcement & Corrections

Municipal, County and State Law Enforcement Departments have unique challenges for specialized storage that can include limited physical space and high security requirements.

Aurora has many secure and space efficient solutions for the special items crucial to law enforcement and the criminal justice system.

Crime & Evidence Storage

- Confiscated Long Guns and Handguns
- Impounded Narcotics and Money
- Crime Scene Evidence
- Chain of Custody Documents
- Inmate & Booking Records
- Fingerprint Cards
- Parole Records
- Traffic Violations
- Parking Tickets
- Investigation Report Storage

Police Force & Departmental Storage

- Officer Uniforms
- SWAT Gear
- Weapons
- Ammunition
- Tasers and Electronics
- Files, Office Supplies

Aurora Mobile

If space is at a premium choose Aurora Mobile, a high density storage system that saves up to 50% of floor space.

The entire mobile system can be locked down or outfitted with locking carriages, doors and drawers for selective, increased security.

Special locking accessory drawers handle parking tickets and fingerprint cards.

Aurora Shelving

Organize and store crime scene evidence on Aurora Shelving or outfit Aurora Shelving with accessories to store uniforms, gear, and weapons.

Times-2

Use Times-2 for individual officer storage for personal files, records, and reports.

Link multiple Times-2 units to make a space-efficient secure, departmental storage system with individual locks.

Times-2

Twice the storage in half the space!

Military

Aurora Storage Products has a long history of keeping the armed forces organized, prepared and combat-ready. Our products are rugged, American made, and as dependable as you are.

Weapons Storage

Military armories and training schools house valuable, precision-made weapons, optics, and electronics, equipment that can be worth millions of dollars. The lifeblood of your operation demands to be stored in the best.....Aurora.
