

# WOODTEK™

THE WARMTH OF WOOD

THE STRENGTH OF STEEL

# AURORA™

## WOOD FINISHES

With ten standard wood finishes as well as custom finishes, Wood-Tek can be designed to match new or existing furnishings and architectural details.

Chestnut Cherry

Honey Cherry

# WOODTEK™

Hundreds of volumes. Thousands of pounds. One solution. Wood-Tek. The shelving system strong enough to support the weight but with the warmth and virtuosity to complement any environment.

Wood-Tek gets its superior strength from a rigid four post steel frame that is clad in rich wood. This innovative and award winning storage system lends warmth and style to public and corporate libraries, central filing areas and executive offices.

## FLEXIBILITY

Wood-Tek has all the flexibility you need for projects large and small. Design around dozens of height, width and depth options; ten wood finishes and a wide selection of painted finishes.

## SERVICE

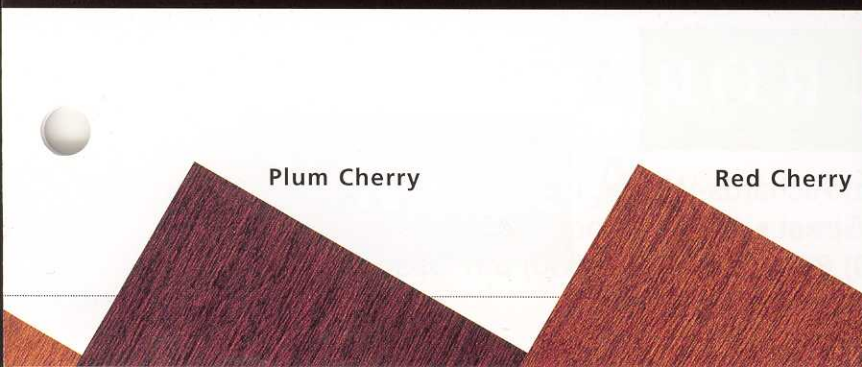

You can count on Wood-Tek engineers and customer service staff to work with you every step of the way from design to a successful installation.

## PAINTED FINISHES

Every steel component of the Wood-Tek system is painted with a durable, textured, powder coat finish. You can choose from a wide variety of standard colors or specify a custom color.

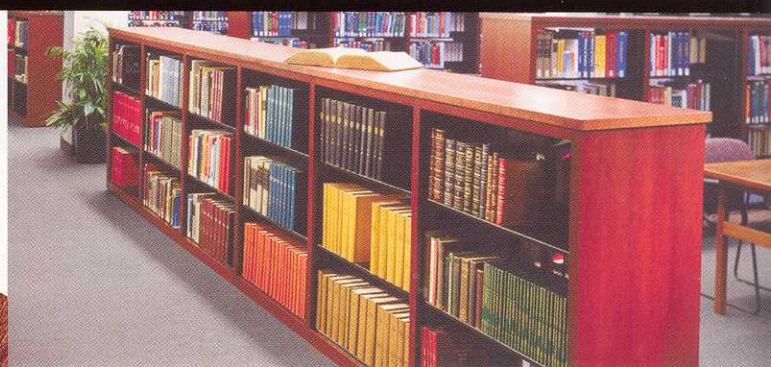

## CROWN & END PANELS

You can create a truly distinctive storage system with Wood-Tek. Choose from three crowns, three end panels and a standard base to achieve the design you want. Any of the crowns can be combined with any of the end panels. The standard base is applied to all end panels.

Plum Cherry

Red Cherry

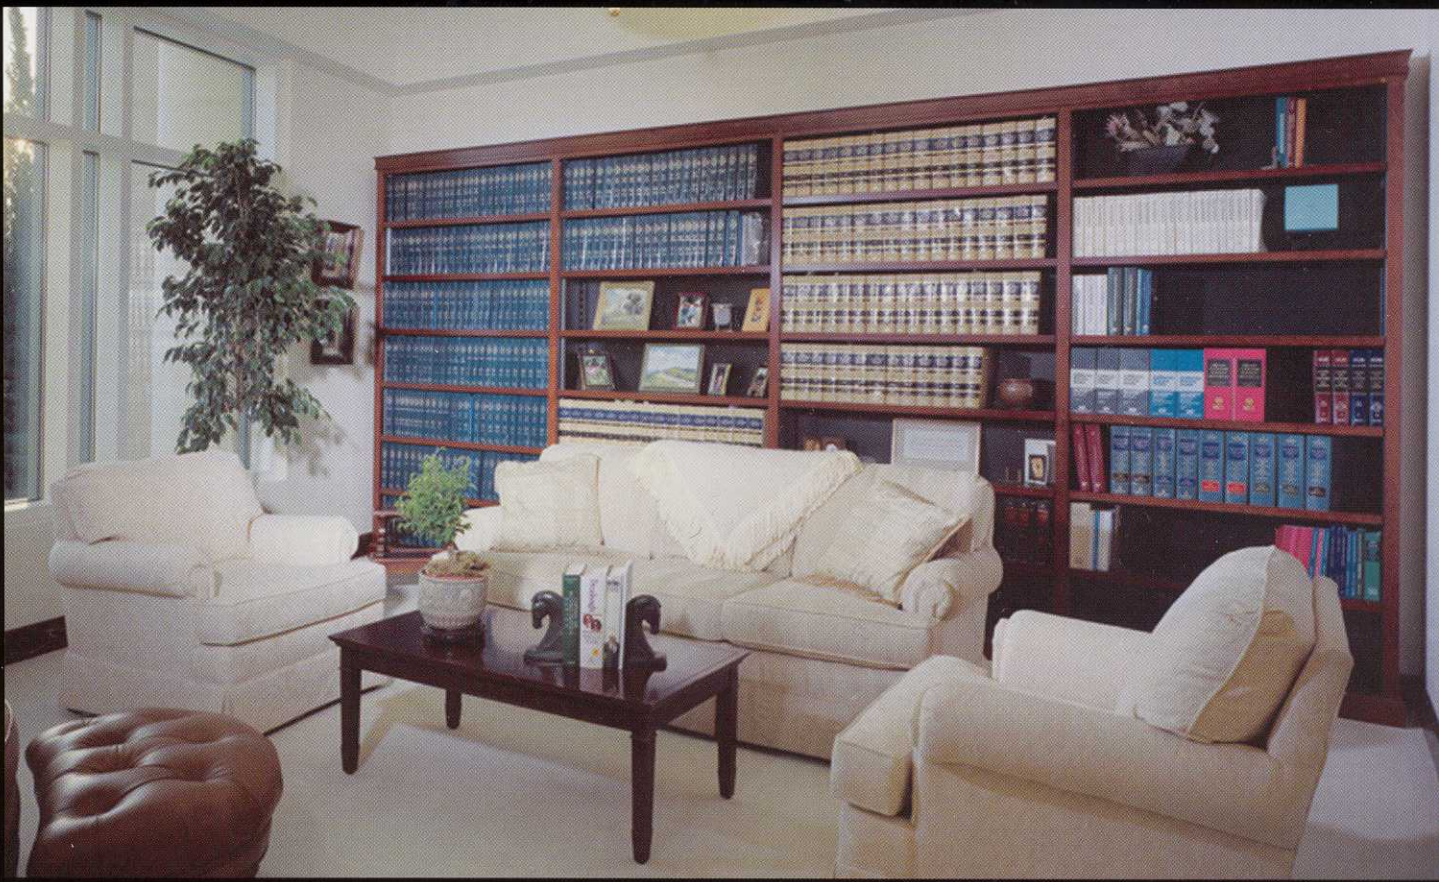

Honey Mahogany

Cinnamon Mahogany

Sable Mahogany

Light Ash

Golden Oak

Natural Maple

## CUSTOM

To extend the Wood-Tek look to furniture such as tables, cabinets, or study carrells, consult with the design professionals at Richards-Wilcox.
